👍 Patti Casey *The Heart Of A Waiting Boy* (Long Shot Music LSM 005 7 00262 31463
1) Outstanding singer-songwriter from Vermont. Sets her music in a mainly bluegrass derived context with strong country roots. Casey uses her players and singers well. Solos, duets, double tracking and even an a cappella quartet add to the variety and quality. Production, songs, playing and singing all gain top marks. www.patticasey.com
